UNIQUE **WOOD**

Taking nature to your living room

Model Blade finished in black

Choose a unique piece of solid wood for your living room.

Enter fully into decoration with a collection of wallpapers with more than 80 models and 4 exclusive finishes to choose from.

Modular dressers that perfectly fit your needs and with parts repositionable at any time.

Sanrafael presents Doors & Deco.

This magazine is born of the conviction that the door has evolved as a decorative element in the home.

Doors ... the essence of Sanrafael is the manufacture of doors with superior quality, functionality and design to the market.

Deco ... is not only a door but a space where the rest of the elements coexist under the idea of decorating a project.

We are sure that you will find not only innovative designs in doors under the idea of decorating a home, but solutions for walls (panels and decorative papers), cabinets, dressing rooms, unique tables made of natural wood on large format, trends in handles and fittings, etc ...

Intelligent doors for the modern age.

Enjoy

And with technical properties (acoustic, hermetic, antibacterial, fire protection, anti-humidity ...) always there with the idea of giving you the greatest comfort in your day to day life.

Born

SANRAFAEL was born with great enthusiasm and desire to do something different. We never thought that today we would be a benchmark in the sector.

Since '86

Born in 1986 and conceived on the family values of a job well done, Sanrafael doors has specialized for more than 30 years in the realization of quality doors with different characteristics and a strong commitment to home decoration.

An entire lifetime with you

With a clear orientation towards permanent innovation and the development of technical solutions, in recent years we have opted for the extension to other elements beyond the door, such as cabinets, tables or wall decoration, offering something unique, singular and with personality.

The aspiration of our work in this catalogue is to give you ideas and accessories to decorate your home beyond the door.

Shall we start ?

A REFERENCE TO DESIGN INNOVATION

Our attention to the international market in the last decade has allowed us to offer 720 points of sale in 32 countries with more than 14,500 professional installers and 21,000 architects and designers who today work with the Sanrafael product.

We contemplate solutions and trends at the international level, which enriches us and helps us to continue growing as a global company.

Thanks to this, in the latest studies carried out, Sanrafael appears as the most valued interior door manufacturing company (by 84% of customers), especially for our attention to design, innovation and the appropriate quality-price ratio offered.

1. MANHATTAN + INFO PAGE 216

In trend, modern, original and functional, with very glamorous touches, valuing light. We bring a piece of NYC to SANRAFAEL.

2. NORDIC + INFO PAGE 192

In recent years it has become increasingly popular. Within everyone's reach without diminishing style. natural, light woods, unique objects.

3. SLOW DESIGN + INFO PAGE 218

Sustainable, elegant, adapted, democratic, durable, efficient, non-toxic ... a style that is governed by values that are on the rise in contemporary society.

4. NEW MINIMAL + INFO PAGE 204

If minimalism is the tendency to reduce to the essential, to strip off leftover elements, the New Minimal follows its essence with a focus on materials.

5. SOPHISTICATED + INFO PAGE 190

High gloss, exotic woods, mix of textures, warm neutral tones and exquisite care for detail with touches of gold or bronze.

6. VINTAGE + INFO PAGE 72

Not everything old is Vintage. The 50s, 60s and 70s are the basis that sustains this aesthetic culture, which must be refined and brought to the present inexcusably.

7. HIGH DECO + INFO PAGE 290

High decoration for the most demanding. Dressing your home with noble materials and classic style with all the accessories is easy.

8. MEDITERRANEAN + INFO PAGE 238

Our Mediterranean essence seeks sensations. Marine elements, white, light, natural materials and a certain Ibiza air to renovate your home.

9. NEOCLASSIC + INFO PAGE 82

WHAT IS YOUR STYLE

11. TEA TIME + INFO PAGE 148

The English style is classic but very cool at the same time, combining black and white and touches of gold. Do not forget British elements in the decoration.

12. contemporary + INFO PAGE 42

Combines finishes and colours in the same object, doors with aluminum, exquisite stained glass, neutral tones and very urban.

13. MASCULINE + INFO PAGE 284

A masculine style, elegant and where the order prevails, worthy of a gentleman, not without repairing details that mix the classic and contemporary.

14. AFRICAN + INFO PAGE 220

Natural textures, jungle prints, killims, with novel elements that contrast with the traditional conception of this style such as aluminum.

15. BOHEMIAN + INFO PAGE 288

Walnut, the best option, although not the only one. Spaces for people with a creative spirit. Miscellany of elements and cultures in the same space.

16. INDUSTRIAL + INFO PAGE 114

Industrial Revolution is back, now in aesthetics: oxyds, metals, concrete, industrial lamps, beams, clear spaces...

17. RUSTIC + INFO PAGE 240

Countryside at home. Stained veneer is the best option for doors. Stone, white walls and rustic elements are the protagonists.

18. TRADITIONAL + INFO PAGE 262

Advantage

from your door **PUERTAS SANRAFAEL**

MOISTURE RESISTANT

Wooden doors are made with a perimeter of 22mm thick solid wood, supporting much better moisture and allowing greater durability

GREATER PROTECTION

Solid doors with greater impact resistance

PROTECTION AGAINST ATTACK

A solid door is more resistant than a hollow door. Choose security options for entry door, armoured to match all interior doors

BEST AIR QUALITY FOR YOUR HOME

With our water-based finishes we achieve a more stable colour, protection against colour changes (specially in lacquers), a greater hardness and above all the reduction in the emission of solvents. A very ecofriendly solution.

BEST QUALITY FRAMES

Both in the frame and in the beading we use "PUR" glue as standard, which allows a better adherence and behaviour in wet conditions.

MINIMUM FIRE PROTECTION 20 MINUTES

Most of our solid doors in the Live!, Lacquered, Minimal and Contemporary collection in standard size are tested to withstand a minimum of 20 minutes against fire with proper installation. Choose yours and protect yourself.

HINGES ANTI CORROSION

We use special hardware from leading brands with great anti-corrosion protection. Up to 200,000 cycles, which is equivalent to a use of 35 years.

SOUND PROOF PROPERTIES

100% of the doors, without additional acoustic protection, provide an acoustic insulation higher than 22dB. Do you need more protection? Incorporates a "rubber" gasket or a drop seal.

SUSTAINABLE DOORS

We select the best qualities of natural sheet, from sustainable forests. It requires the PEFC and FSC certification and you will be helping to maintain the planet.

PERSONALIZED DESIGN

More than 200 designs, 54 of which are proprietary and patented, with the possibility

of personalization on the carta.

Combine the door with complements, cabinets, dressers, wall panels or even with the finish of your table.

CHOOSE INSULATION

Ask for a "rubber" gasket or a drop seal to reduce hits, noise and heat/cold loss common between rooms.

DEFINE

your door

We make it easy for you We would like to make your choice simple, for this we explain all the elements that make up a door beyond colour or finish. We help you in the process of how to choose a door

Eliminates noise, odours and dirt

There are 3 elements that can insulate your space:

1. Magnetic latch

Including a magnetic closure "magnetic latch" to eliminate the classic click when closing the door. In addition to achieving a better aesthetic and with it acoustic protection.

2. Rubber seal

Thanks to a rubber gasket "sealing" the closing of the door with the frame is airtight avoiding noise between rooms and possible noise of the "slamming" which is unpleasant.

3. Drop Seal

It incorporates a lower drop seal to prevent the passage of dust and noise between spaces.

Choose + health

Improved air quality

It guarantees the passage of air between rooms and maintains the acoustic insulation required in the Technical Building Code. Ask about the AIRDOOR system for more information.

Eliminates bacteria from the door

Choose an antibacterial finish with extra strength.

Improves ventilation

For closed spaces its convenient for ventilation (rooms leading boilers, kitchens, toilets, changing rooms ...) It incorporates an aesthetically and functionally perfect integrated grid. Ask about our VENTIDOOR system

Technical doors

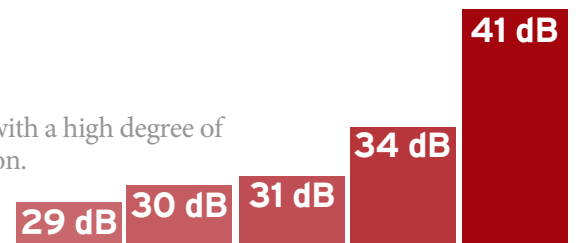

+ Fire protection.

Improve your protection against fire with our technical doors that support up to 90 minutes protection

30 60 90 Minutos

+ Sound protection

SANRAFAEL provides you with a high degree of privacy and acoustic insulation.
